—ALSO REPRESENTING—

The McCORMICK H. M. CO'S NEW STEEL BINDERS, introduced here in 1885, are conceded to be far ahead of all competitors, combining as they do beauty of design, superiority of workmanship, excellence of finish, durability and ease of management.

The COMBINED REAPERS and MOWERS, DROPPERS and SINGLE MOWERS, are unequalled.

The CASE "AGITATOR" is acknowledged to be without a competitor, as the sales of the past—more than trebling those of all other Threshers—will prove.

The WOODBURY POWER is the most durable and lightest running horse-power known.

The SOUTH BEND CHILLED PLOW, although not introduced into this market until long after other styles of Chilled Plows, is fast crowding them out and assuming the position of the leading Chilled Plow.

The WEIR SULKIES, HAND PLOWS and HARROWS are known throughout the length and breadth of Utah as first-class goods in every particular.

The BOSS SICKLE GRINDER is a tool every farmer who has a mower needs and cannot afford to be without.

We shall carry a full and complete stock of repairs for above goods, not only for those of this year's manufacture, but for those sold in previous years, so that any farmer having any machine or plow of the line mentioned can get any repairs without needless trouble or expense.

All parties ordering extras for machines bought in previous years, are specially requested, when ordering, to give the number or letter on the article wanted.

We also keep a full line of Tents, Wagon Covers, Rakes, Machine Extras, Harrows, Wagon Extras, Robes, Whips, Lamps, Rubber, Cloth, Duck, Washers, Coach Canopies, Farm and Carriage Harness.

### MORE TERRIBLE THAN WAR.

Work, Ambition and Passion, cause more Agony of Mind and Body, and Destroy more Human Beings every year than All the Armies of the World.

## DUJARDIN'S LIFE ESSENCE

This Wonder of Modern Chemistry is pronounced to be unequalled for its power of replenishing the vitality of the body, by supplying all the essential constituents of the Blood, Brain and Nerve Substance, and for developing all the grand Functions of the System to the highest degree. It acts as a specific, restoring all those of the present age, for the speedy and permanent cure of all ailments of the Nervous and Blood Systems, Nervous Prostration, General Debility, Mental and Physical Depression, Incapacity for Study or Business, Noises in the Head and Ears, Loss of Energy and Appetite. Being a natural Restorative, its energizing effects are not followed by corresponding reaction but are permanent, and are frequently shown, from the first day of its administration, by a remarkable increase of the Nervous Power, with a feeling of Vigor, Strength and Comfort to which the patient has long been unaccustomed. The nervous symptoms disappear, as well as the Functional Derangement. Sleep becomes calm and refreshing. At the same time the patient gains flesh, the features presenting a striking improvement: the face becomes fuller, the lips red, the eyes brighter, the skin clear and healthy. The hair of the head and beard grow and acquire strength, as also the nails, showing the importance of the action of the medicine on the organs of nutrition. It gives back to the human structure, in a suitable form, the *Living, Animating element of life which has been wasted*, and exerts an important influence directly on the Brain, Spinal Marrow and Nervous System, of a Nutritive, Tonic and Invigorating character, thereby checking all wasting of the Vital Fluid and the more Exhausting Processes of Life, maintaining that *Buoyant Energy of the Brain and Muscular System which renders the Mind Cheerful, Happy, Brilliant and Energetic*; entirely overcoming that dull, inactive and sluggish disposition which many persons experience in all their action. Price, \$1.50 per bottle.

FOR SALE BY ALL DRUGGISTS.

Green River—William A. Johnson, general store, sold out. Hunter &amp; Morris, general store, succeed W. A. Johnson.

In the local world there has been little doing except transactions in Horn Silver, city buyers again taking advantage of the receding market to load up; the mining market is dull, but there is every promise of a lively spring. A notice of the prosperous condition of the Provo Manufacturing Company appears elsewhere.

The bottom appears to have fallen out of Rocky Mountain Electric Light stock; it was selling at \$12 and \$14 some months ago and paying dividends, but now it is freely offered at \$2 without takers. The reason seems to be that there is a profound lethargy prevailing among those who should push the work of extending plants and forming new companies. The company receives a handsome royalty on every plant established, and it was while they were declining down machinery and booming the electric system of lighting generally in the several territories over which their grant extends that the stock went up and the company paid dividends. Now the only income is a royalty on the carbon and other supplies furnished, which is, of course, a merely nominal sum. One of the stockholders yesterday stated that if he thought it merely rested with the president and board of directors to put some active men into the field to make the stock as good as ever.

#### Ore and Bullion.

The receipts of ore and bullion at the various banks in this city for the week ending Saturday, March 27th, 1886, amounted to \$134,006.75 against \$130,444.59 for the week previous. They were distributed as follows:

By McCornick &amp; Co.:

Hannan bullion.....\$29,616.00

Silver and lead ore.....34,410.00

Stormont bars.....2,940.00

One car Kent Montana ore.....940.00

Total.....\$67,906.00

By Wells, Fargo &amp; Co.:

Fine bars.....\$30,149.00

Base bullion.....\$17,595.00

Ores.....16,160.00

Total.....\$63,904.00

By the Union National:

15 bars Alice bullion.....\$12,902.75

Total shipments for week.....\$134,006.75

The shipment of ore and bullion for the week show a decrease. They were:

Pounds.

21 cars bullion.....529,459

21 cars ore.....60,255

Powers' Decision Again

This week's Engineering and Mining Journal devotes a page and a half to an article signed "T. C." Goshen, Utah,

who furnishes maps and drawings of the Eureka-Beck case, and then goes on to criticize Judge Powers' opinion. It is too long for reproduction here, but will repay perusal by miners, experts and the parties interested. The writer concludes by soundly remarking: "It is a great mistake to appoint judges from the east to western districts, as such as the one in question are the most important we have, and only men of long experience before the bar, and of sterling character, and one who is familiar with mines, should be appointed to the bench here."

#### Money for the Bullion.

A letter received by Bullion from Col. E. A. Wall, says that he will soon return from the east with a large amount of money, and work will be prosecuted vigorously on the Bullion mine during the coming summer. He will make times pretty lively with the capital at his command.—*Inter-Idaho.*

#### Alice.

One thousand two hundred shares changed hands at \$1.60 during the week.

#### Moulton.

The ninth dividend of 7½ cents per share, or \$90,000, has been declared and is payable to-morrow at the office of J. M. Moore & Co., New York.

#### Stormont.

This stock sold at 14c. and 15c. during the week. The sales were rather active at those figures.

#### Ontario.

The 118th dividend of \$75,000, making a grand total of \$7,250,000 to date.

Curious Facts Relating to Congressional Representation.

Here are some curious facts of interest, perhaps, to the student of our government: The States of Colorado, Delaware, Florida, Nevada, Oregon, Rhode Island, and Vermont have less than one-half the population of Illinois, but have the same number of Representatives in Congress—twenty-two. Eighty-five years ago North Carolina had as many Representatives in Congress as New York. North Carolina now has nine or one less than she had in 1880, while New York has thirty-four. The State of Nevada, which has two Senators and one Representative in Congress, has not so large a population by 617 souls as the City of New Haven, Conn. The five States of Delaware, Colorado, Florida, Nevada and Oregon combined have not so great a population by about 100,000 souls as the city of New York.

Yet New York city has only eight Representatives in Congress, while the five States have sixteen besides their ten Senators. Virginia now has the same number of Congressmen she had in 1790, when there were only sixty-five members of the House. The thirteen States of Arkansas, California, Colorado, Connecticut, Delaware, Florida, Nebraska, Nevada, New Hampshire, Oregon, Rhode Island, Vermont and West Virginia, with an aggregate population which does not exceed that of New York alone, have twenty-six United States Senators to New York's two. From the five States of New York, Pennsylvania, Illinois, Massachusetts and Ohio the government derives one-half of all its postal revenues. More than one-half of the internal revenue receipts of the government come from the four States of Illinois, New York, Ohio and Kentucky. California, with less than half the population of Indiana, pays to the government more money for postal service.

#### Street Car Strike.

PITTSBURG, March 27.—This morning the street car conductors and drivers in all lines about the city, excepting the Citizens' Transit and Second Avenue lines, went out on a strike. At a conference late last night between the officials of eleven other companies in this city and District Master Workman Evans, no agreement was reached and the District Master issued an order to all men to not take out any cars this morning. So far, the companies have not attempted to run any cars and everything is quiet.

#### The Brooklyn Strike.

New York, March 27.—The strike of drivers and conductors of the Brooklyn Broadway railroad still continues. Neither side has yet shown a disposition to yield. The police guard the stables and offices of the company.

Belmont, of Colorado, thinks the Republican party has fallen into the hands of two political spinsters from Vermont. "Annually," he says, "one of them comes forward with a tariff bill to swell the surplus revenue in the treasury and the other with a bill to prohibit polygamy. When a man gets beyond the borders of 60 and is in Congress he always wants to pass a bill to prohibit everybody from doing what he is no longer able to do himself."

#### LEGAL NOTICE.

In the Probate Court within and for the County of Salt Lake, in the Territory of Utah.

In the matter of the estate of Robert Pixton, deceased.

Notice to all persons interested in said estate.

IN PURSUANCE OF AN ORDER OF said court duly made, public notice is to all persons is hereby given, that Samuel P. Teasdale, as administrator, and Elizabeth Pixton, as administratrix of said estate of Robert Pixton, deceased, have rendered, presented and filed in said court, for settlement, allowance and confirmation, their final account and final report of their administration of said estate, from the date of their last settlement now on file in said court, that they will ask for a confirmation and ratification of the distribution of all funds already distributed to the heirs of said estate since said last settlement, and for a further distribution of said residue of personal property, including money belonging to said estate, for the closing up and discharge of the trust of said administrators, and all liability of themselves or their sureties thereon, and that Thursday, the 8th day of April, A. D. 1886, at the hour of ten o'clock a. m., of that day, has been fixed as the time when, and the court room of said court, in the city of Salt Lake, in said County of Salt Lake, as the place where said matters will be considered and adjudicated by the court.

You are therefore notified to be and appear in said Probate Court on the day and hour, and at the place designated as aforesaid, then and there, to show cause, if any you have why said final report and final account should not be settled, allowed and confirmed, why the distribution of said estate to the heirs of said estate made since the last settlement in the matter of said estate should not be approved, ratified and confirmed, why distribution of the remaining estate should not be made as prayed, and why the administration of said estate should not be finally closed, and said administrators and said administratrix be released and discharged from their trust in the premises, and they and their bondsmen be released from further responsibility in the premises; and why such other relief may not be given in the premises, which may be deemed lawful by the court, and just and proper in the premises.

This 8th day of March, A. D. 1886.
